

# YeungTutorialGroup

We Are Here To Achieve

## **Why take Yeung Tutorial Group writing workshops?**

Because they're *great*. We model our workshops on university courses and teach skills that will help you through life, not just through one semester. Writing well is one of the most valuable abilities you can have in any job, anyplace, anytime. At Yeung Tutorial Group, you will definitely learn how to write well.

### **Workshops for Middle School Students**

*Book Report:* Sure, reading is good and all, but it's important to understand and share our knowledge of what we read. This course will guide middle school students through effectively reading, writing and presenting a book all within 8 weeks. (\$180 / 8 weeks)

*Creative Writing:* Creativity makes the world a better place. Creative writing makes the world a better place to read. This course will teach students not only how to "think different," but how to "write different." (\$180 / 8 weeks)

### **Workshops for High School Students**

*Personal Statement:* You have no idea what to write. You need to get this done before applications are due or you're in trouble. Don't worry—within 8 weeks, you'll have an impressive, polished statement ready before the deadline. (\$320 / 8 weeks)

*Timed Writing:* The bane of all standardized testing. (What's "bane"? Study your SAT words!) Learn how to write effectively under the pressure of time limits imposed by College Board. (\$320 / 8 weeks)

*Essay Writing:* What exactly is an "essay"? Surprisingly, few people know the definition. Come find out what an essay is and learn how to write one properly, effectively and meaningfully. (\$320 / 8 weeks)

## **Workshops for High School, College and Above**

*Résumé:* You might have the right credentials, but that doesn't matter if your résumé is an incoherent mess. We'll take you through the steps of writing an attention-catching resume that will open doors and get you hired. (\$160 / 4 weeks)

*Cover Letter:* Why should I hire you, and not the person next to you with the same qualifications? Your cover letter will convince me to make that decision. Here, you'll learn how to write an outstanding cover letter and how to avoid common mistakes. (\$320 / 8 weeks)
